

SUPERMAX

# SUPERMAX

## HIGH PERFORMANCE PUMP

Step up to super performance

Whether you're building a new pool or replacing existing equipment, the SuperMax pump from Sta-Rite is a great choice for all-around performance. The SuperMax pump moves water more efficiently for lower operating cost and super-quiet operation. You get less wear and tear, and that means longer life and a higher return on your pump investment.

## SUPERMAX HIGH PERFORMANCE PUMP

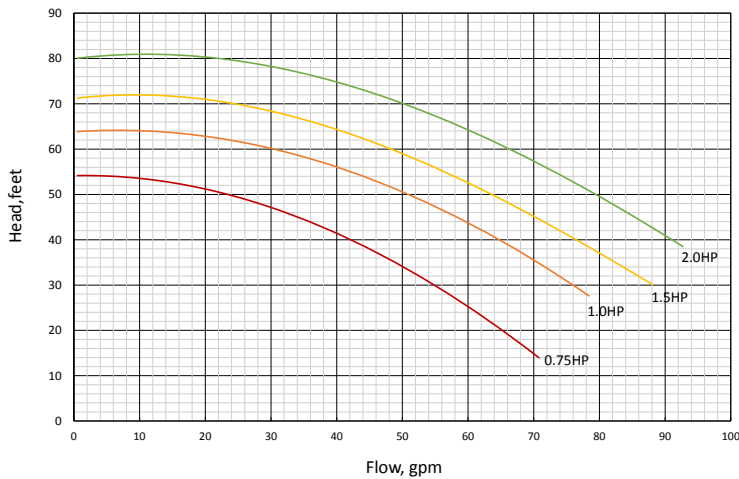

# Engineered for today's savvy pool owner

The Sta-Rite reputation for top-of-the-line equipment has been earned by answering the needs of today's pool owners—high efficiency, low maintenance and reliability. Sta-Rite products ace the test in every category.

### KEY FEATURES

- Match your application and assure minimum energy consumption with 3/4 HP-2 HP
- You get a commercial-grade motor at a consumer price with our heavy-duty, high service factor 56 square flange IE3 efficiency motor.
- A superior internal flow design reduces hydraulic noise for amazingly quiet operation.
- The Cam and Ramp Lid permits easy inspection of the strainer basket, and locks in place with a quarter turn.
- SuperMax Pump is a superior drop-in replacement for the Hayward® Super Pump®.
